

Dear New Patient:

Welcome to the Pain and Headache Center

A few reminders to make your first visit a little easier:

- Please make sure to bring this completed new patient packet, your ID, and your insurance card to your visit.
 - If you are a Medicaid patient, you must have your card and \$3 co-pay to be seen for every visit (no exceptions)
- We are trying very hard to stay on schedule. Your appointment time is the time when we hope to actually have you in the exam room, which means that you must arrive early to check in. We do not double-book patients, and so, if you are more than five minutes late, your time with our providers will be dramatically decreased or your appointment will be rescheduled.
- Please bring your records, X-rays (films or disc), and a **list of ALL of your medications** (or the bottles themselves)
 - Although we have made every effort to get records from your doctor, this is ultimately your responsibility to provide these records; without records, we may not be able to help you.
- If you are requesting pain medications, you will be required to provide a fresh sample of your urine during your visit. Please plan accordingly, because you will not receive a prescription without this urine for screening. If you cannot urinate or if the results of this urine screen are unexpected, we may decline to provide prescriptions at this visit.
- We try to treat our patients as responsible adults, and therefore we will not call to remind you of appointments. **If you no-show for an appointment you will be charged.**

On behalf of our providers, welcome to the practice!

Financial Policy

Here at The Pain and Headache Center we are doing everything possible to hold down the cost of medical care. You can help a great deal by reducing the number of bills we send to you. The following is a summary of our payment policy.

ALL PAYMENT IS EXPECTED AT THE TIME OF SERVICE:

Payment is required at the time services are rendered unless other arrangements have been made in advance. This includes applicable coinsurance and copayments for participating insurance companies. The Pain and Headache Center, LLC accepts cash, personal checks, VISA, and MasterCard. There is a service charge of \$35.00 on returned checks.

Patients with an outstanding balance 60 days or more overdue must make arrangements for payment prior to scheduling appointments. We realize that financial difficulty is a reality.

INSURANCE:

We must emphasize that as a medical care provider our relationship is with you, not your insurance company. We file your insurance claim as courtesy to you, and all charges are ultimately your responsibility. Not every service is a covered benefit with your plan. Some insurance companies arbitrarily select certain services they will not cover. **It is important that you read and understand YOUR health insurance policy and its requirements for coverage, including preauthorization of services.** We currently send claims to numerous plans and are not responsible for knowing the requirements of your specific plan. We will not become involved in disputes between you and your insurance company regarding deductibles, co-payments, covered charges and secondary insurance, "usual and customary" charges. If you choose to file an appeal to your insurance, it is your responsibility.

If you need assistance or have questions, please contact The Billing Coordinator between 8:30 a.m. and 5:00 p.m., Monday through Friday at 907-563-1777.

REFUNDS:

Patient/guarantor credits in amounts less than \$20.00 will be retained on account to be credited toward future balances, unless a written request for refund is received. Amounts \$20.00 and greater will automatically be refunded to the patient/guarantor.

MISSED APPOINTMENTS/LATE CANCELLATIONS:

Broken appointments represent a cost to us, to you and to other patients who could have been seen in the time set aside for you. Cancellations are requested 24 hours prior to the appointment. We reserve the right to charge \$50.00 for missed or late-canceled appointments. Excessive abuse of scheduled appointments may result in discharge from the practice.

I have read and understand The Pain and Headache Center, LLC Financial Policy. I agree to assign insurance benefits to The Pain and Headache Center, LLC whenever necessary. I also agree that if it becomes necessary to forward my account to a collection agency, in addition to the amount owed, I also will be responsible for the fee charged by the collection agency for costs of collections.

INTERPRETING THE BECK DEPRESSION INVENTORY

Now that you have completed the questionnaire, add up the score for each of the questions by counting the number to the right of each question you marked. The highest possible total for the whole test would be sixty-three. This would mean you circled number three on all twenty-one questions. Since the lowest possible score for each question is zero, the lowest possible score for the test would be zero. You can evaluate your depression according to the Table below.

- 1-10 These ups and downs are considered normal
- 11-16 Mild mood disturbance
- 17-20 Border line clinical depression
- 21-30 Moderate depression
- 31-40 Severe depression
- 40+ Extreme depression
